Child Relocation Courtroom Simulation
Watch a simulation of a child relocation courtroom experience. After an explanation of the dispute before the Court, we begin with a Direct Examination of a forensic evaluator followed by a Cross-Examination based on guidance from another consulting expert. Objections and evidentiary issues will be handled by a Judge. Upon conclusion of the mock examinations the attorneys, experts, and Judge will discuss what transpired, address what worked and what did not, and unpack the relevance of the psychological material that was explored.
